

BICOCCA SUMMER SCHOOL 2019

ENERGY SOLUTIONS FOR A SUSTAINABLE ENVIRONMENT

www.summerschoolbicocca.com
#GEM Green Energy Management

WHY?

A Global Challenge
YOUR challenge!

*To gather and share common
experiences, for a world
sustainable future.*

HOW?

- **International leading scientists** and industrial and institutional partners will be part of the teaching staff, bringing and sharing their field experience.
- A special corner will be dedicated to **up to date research of young PhD students and Postdocs.**
- Study visit to renewable plant and **social program activities**

WHAT?

- **Renewable energy production** as well as water management and recycling in agriculture will be discussed **in the context of circular economy**, with a particular focus on climate change and environmental issues.
- An introductory broad overview of the **world green energy** scenario will be followed by specific experiences in different regions of the world.
- **Elements of Energy Finance**, for electricity markets and energy projects, will be given.

WHERE?

- **BAKU**, Azerbaijan.

WHO?

SCIENTIFIC COMMITTEE

Silvana Stefani – University of Milano-Bicocca

Maurizio Acciarri – University of Milano-Bicocca

Carlo Lucheroni - University of Camerino

Tiziano Vargiolu - University of Padova

Meruyert Narenova - University of International Business,
Almaty, Kazakhstan

Judit Mendoza Aguilar- Universidad de La Laguna

Francisco Ramos Real - Universidad de La Laguna

WHEN?

- **September 14-22, 2019** Baku 18-26°C (min-max temp)
- **Applications Deadline:** May 15th, 2019 (Hurry up! Secure a position)
- **Tuition fees:** 500,00 € covers all lectures, course material, a field visit

An aerial night view of a city, likely Milan, showing a dense urban landscape with illuminated buildings and streets. A large, modern stadium is visible in the lower-left quadrant. The sky is dark blue, and the city lights create a vibrant glow.
